THE GERMANS IN SAMOA. The Novelist Stevenson Comments On

the Case of Mr. Klein. Mr. Klein, an American journalist, was on the beach with Malieton's men on the night of the recent German defeat, says Robert Louis Stevenson in a letter to the London Times. Seeing the boats approach in the darkness, Mr. Klein hailed them and warned them of the Samoan ambush, and, by this inno-cent and humane step, made public the fact of his presence. Where much else is contested so much appears to be ad-mitted (and, indeed, claimed) upon both sides. Mr. Klein is now accused of fir-FOR SALE—The finest residence site in West Omaha; just south of Farnam on 37th street; a corner 166x187 with 187 feet frontage on paved street and joining the handsome residence of Kirkendall on the east and Brady, East helped both; and, at any rate, the offense appears a novel one, and the accusation threatens to introduce fresh dangers into Red Cross work. He was on the beach that night in the exercise of his profession. If he was with Malietoa's men, which is the real gist of his offense, we who are not Germans may surely ask, why not? On what ground is Malietoa a rebel? The Germans have not conquered Samoa that I ever heard of; they are there on treaty like their neighbors, and Dr. Knappe himself (in neighbors, and Dr. Knappe himself (in the eyes of justice) is no more than one-sixth part of the town council of Apia. Lastly, Mr. Klein's innocence stands very clearly proven by the openness with which he declared his presence. For all that, this gentleman lay for a considerable time, watched day and the American consulate; even after he had succeeded in running the gantlet of the German guards and making his

escape in a canoe to the American war ship Nipsic, he was imperiously rede-manded from under his own flag, and it is probable his extradition is being already called for at Washington. An English artist had gone into the bush sketching. I believe he had been to Malietoa's camp, so that his guilt stands on somewhat the same ground as Mr. Klein's. He was forcibly seized on board the British packet Richmond, carried half dressed on board the Adler, and detained there, in spite of all protest, until an English war ship had been cleared for action. This is of notoriety, and only one case (although a strong one) of many. Is it what the English people understand by the sovereignty of the seas?

A Baby Born With Teeth.

George Baker, a restaurant keeper, living at 168 Park avenue and doing business at 38 Madison street, says a Chicago special, is the proud possessor of a baby girl who was born with a set of teeth. When little Julia Orine Baker arrived in town a day or two ago, very arrived in town a day or two ago, very red, very bald and weighing six and a quarter pounds, she horrified the nurse and astounded Dr. Phillips, the family physician, by exhibiting an upper row of six white front teeth and four perfect ones on her lower gums. They were almost fully developed and were hard enough to use on the toughest beefsteak in existence. It might be thought that the little stranger would develop ac-complishments in keeping with the early growth of teeth, and start out, walk, talk, sit up at the table, and perform ever so many clever acts, and her fond father doubtless gleefully imagined that she would do something of the kind to sort of keep up the record, but she did none of these. She can bite, though, and that, too, good and hard, as her father can testify, she having got his litte finger in her mouth and made nim dance. However, the little one shows remarkable signs of physical vigor, and at present she cats broad sopped in milk and little particles of tenderly cooked chicken, a feat which is said to be unprecedented in the annals of medical science. nals of medical science.
